

## FILTRATION SPECIFICATIONS

### Filter: Model 4 Basket Strainers and Bag Filters

Model 4 strainer/filter housings are made in 2 basket sizes and 4 pressure ratings. In all cases, covers are easily removed without special tools, and the basket or bag is easily cleaned or replaced.

## FEATURES

- Carbon steel or stainless steel (304 or 316) construction for housings
- O-ring seals: Buna N, EPR, Fluoroelastomer, PTFE
- Two pressure ratings: 200 psi (with clamp cover) and 500 psi (with eyenut cover)
- Pipe sizes 1-inch thru 2-inch, NPT
- Two basket depths: 6 or 12 inches

## OPTIONS

- Liquid Displacers
- Magnets
- Adjustable Legs
- ASME Code Stamp

FILTRATION SPECIFICATIONS

Filter: Model 4 Basket Strainers and Bag Filters

PRESSURE DROP DATA

Basket strainers and bag filters are usually selected so that the pressure drop does not exceed 2 psi when they are clean. Higher pressure drops may be tolerated when contaminant loading is low. Bag change-out should occur at 15 psid.

The pressure drop data is determined by the steps below:

FOLLOW THESE EASY STEPS:

- 1. Using the desired pipe size and approximate flow rate, determine the pressure drop from the appropriate graph.
2. Multiply the pressure drop obtained in step 1 by the viscosity correction factor found in the accompanying table. This is the adjusted pressure drop for all baskets, without filter bags.
3. Add the pressure drop for the bag filter housing.

\*Based on housing only. Fluid viscosity, bag filter used, and expected dirt loading should be considered when sizing a filter.

Clamp covers on the left and center, eyenut cover on the right.

Filter bags are specified and sold separately.

Table with columns for Bag Style and Viscosity (CPS) ranging from 1 (H2O) to 2000. Rows include All Unlined Baskets, 40-Mesh Lined, 60-Mesh Lined, 80-Mesh Lined, 100-Mesh Lined, and 200-Mesh Lined.

## Model 4 Housing Code - How to Order

CONFIGURE YOUR PART NUMBER (EXAMPLE: 4-12-1P-1-500-S-B-S-M40-D-C)

**A**

MODEL NUMBER

A	MODEL NUMBER	CODE
	EYENUT COVER	4
	CLAMP COVER	LCO4

**B**

HOUSING SIZE

B	HOUSING SIZE	CODE
	6 INCH	6
	12 INCH	12

**C**

PIPE SIZE

C	PIPE SIZE, NPT AND FLANGED <sup>1</sup>	CODE
	1-IN. FEMALE NPT	1P
	1-1/2-IN. FEMALE NPT	1-1/2P
	2-IN. FEMALE NPT	2P

**D**

OUTLET STYLE

D	OUTLET STYLE	CODE
	BOTTOM	1
	SIDE HIGH	2
	BOTTOM ELBOW	3
	SAME SIDE HIGH	D

**E**
